## A Warm Welcome Awaits You!

**W**E ARE AGAIN looking forward to greeting lovers of Shorthorn cattle at our Second Acadia-Red Gate Sale.

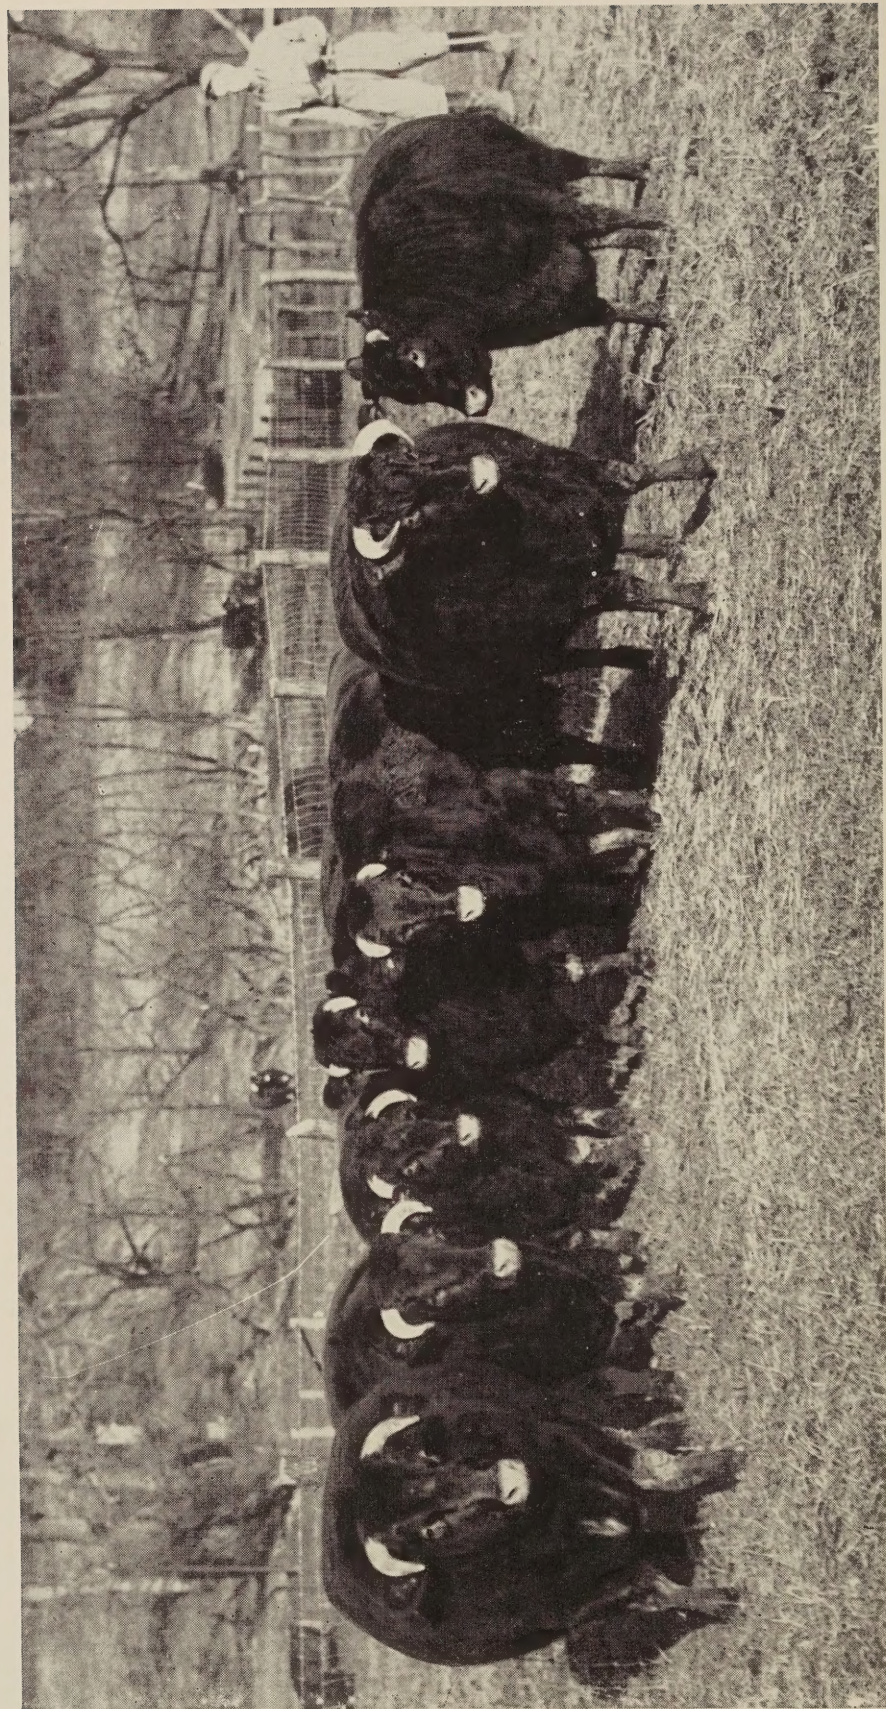

Rather than extol the virtues of our own cattle, we would like to have you study the pedigrees in this catalog and then decide for yourselves, when you examine our offering on sale day, how closely individuality matches inheritance. We are satisfied that the bloodlines represented are among the best in the business, and we shall be content with the judgment you render on the cattle themselves.

We hope you will honor us by being with us on Saturday, May 16, at Acadia Farms. Come early so you will have plenty of time to look at the cattle before the sale begins at 12:30 p.m. Eastern Standard Time. And if you can be in this area the day before, to inspect the breeding herds at both Red Gate and Acadia, we'll be happy to welcome you.

# THEY'RE PLENTY GOOD ANY WAY YOU LOOK AT THEM!!

Here's a page worthy of study! The man in the picture is Cyrus Eaton, owner of Acadia Farms. What is he doing? The answer is easy! He is teaching Acadia Sportsman 13th how to stand and lead so that he will look his best at 1953 shows. And while he is doing it, he is providing proof to you that the calves by Imp. Calrossie Sportsman are good any way you look at them. Acadia Sportsman 13th is by the Sportsman and out of Imp. Tolquhon Princess Olive by Pittodrie Banker and this makes him a three-quarter brother to Acadia Rosewood Rachel, Acadia's grand champion female at the 1952 Ohio State Fair. If you like him, you'll like all the calves by Calrossie Sportsman and Calrossie Rosewood Fortress because there is remarkable uniformity in the offspring of these two great Calrossie-bred sires.

**A group of Calrossie Sportsman heifer calves. Uniform, aren't they?**

## **An Unusual Buying Opportunity**

A famous Ohio animal husbandryman, Prof. D. J. Kays of Ohio State University is responsible for the expression, "Breeding purebred cattle is like handling your bank account . . . you can't take out more than you put in." How very true!

From the date of their first purchases, it has been a pleasure to watch the building of the two great herds at Acadia and Red Gate Farms. Here indeed are owners who displayed a willingness to invest liberal amounts to acquire the choicest seed stock of two continents and who surrounded themselves with most capable managers and herdsmen to insure the health and proper development of the offspring. The rewards will be apparent to all who attend the important Acadia-Red Gate Sale on May 16th. Because the owners were aware that beef cattle experts from all over the world make the journey to Scotland annually to acquire calves produced in the famous Calrossie herd, it was their desire to concentrate on this blood in an effort to improve the breed on this continent. Through the purchase of Imp. Calrossie Sportsman and Imp. Calrossie Rosewood, they have made easily available to all North American breeders the two most famous Calrossie lines . . . the blood of Ascreavie Democrat through his most famous son, Millhills Champion, and the blood of Kirkton Baronet through his equally famous son, Calrossie Cupbearer.

It was the request of the owners that no animals be described in this catalog, since they feel that good cattle judges will prefer to analyze the sale offering for themselves on May 16th, rather than attempt to form advance judgments on the basis of fulsome footnotes extoling the virtues of each individual animal. Nevertheless the catalog is very informative. Pictures of nearly all sale animals are displayed and a special effort has been made to point out interesting facts about the breeding. I congratulate the owners on making such a strong sale offering available and venture the prediction that those who buy on May 16th will improve their positions in the industry.

HAL LONGLEY,  
of The Shorthorn World.

**Cyrus Eaton, owner of Acadia Farms, surveys with satisfaction a group of contented cows and calves in a corner of one of his eleven well shaded blue grass pastures.**

Reports of success from those who have purchased our productions give us great satisfaction. A. D. Miller, Benton, Ohio, bought the cow Acadia Rosewood 2nd at \$1,025 in the 1951 Acadia-Red Gate Sale. An 11-months-old calf out of her topped the bull division of the 1953 Ohio State Sale at \$1,000. Mr. Miller still has the cow and the heifer by Chapelton Banker that sold with her in 1951. Anoka Farms, Waukesha, Wisconsin, bought a cow with a Calrossie Sportsman bull calf at foot for \$900 in our 1951 sale. The calf sold at 11 months old for \$2,000 and now heads the strong Illinois herd of H. L. Wernicke & Son. Edellyn Farms, Wilson, Illinois, bought a cow with bull calf at foot by Calrossie Sportsman in our 1951 sale. The calf was one of the top selling bulls in the 1952 Illinois State Sale and now heads the strong Iowa herd of Evergreen Farms.

Acadia Clipper, a daughter of Calrossie Sportsman that won reserve championship and sold at \$1,050, top price of the 1953 Ohio Shorthorn Breeders' Show and Sale at Springfield on March 9th. She was purchased by Mr. and Mrs. Martin Katter, Wapakoneta, Ohio.

Acadia Rosewood Rachel, the daughter of Calrossie Sportsman that won grand championship at the Ohio State Fair for Acadia Farms in 1953.

Blend's Crocus of Red Gate, bred at Red Gate Farms, one of the top selling females in the 1953 Ohio State Sale purchased by Strowan Farms, Fredericktown, Ohio.

Anoka Sportsman was the first son of Calrossie Sportsman to be offered at auction. At 11 months he topped the bull division of the Anoka-Curtiss Candy Sale. Purchased at \$2,000 by H. L. Wernicke & Son, Lena, Illinois. Now heads one of Illinois' best herds where he is doing a great job.

Acadia Campeon Mercury, bred at Acadia Farms. This son of Sni-A-Bar Random Mercury was reserve champion for Bell-Rock Cattle Co., Ocala, Florida, at the 1953 Southeastern Regional Show, Montgomery, Alabama. Johnson Farms, Dancy, Alabama, bought him at \$935, top price of the sale.

## Facts You Should Know About

# Imp. Calrossie Sportsman

**Imp. Calrossie Sportsman** was purchased at a cost of \$16,500 after winning second in class to the Reserve Supreme Champion and high selling bull at the 1950 Perth, Scotland, Show and Sale.

His first crop of calves included Acadia Rosewood Rachel, 1952 Ohio State Fair Grand Champion female hailed as "Big time in any show," and Anoka Sportsman, high selling bull of the 1952 Anoka-Curtiss Candy Sale. Anoka Sportsman, the first Sportsman calf to sell at public auction, brought \$2,000 from H. L. Wernicke & Son of Lena, Illinois. The Sportsman's first and second crops of calves are well represented in this sale, and will be widely seen on the show circuit in 1953.

**Millhills Champion**, purchased by Captain MacGillivray for 3,600 guineas, sired many notable sons and daughters, including the 5,200-guinea Calrossie Knock-Out; Calrossie Elect, second highest priced bull exported to the Argentine in his year; and the 2,000-guinea Calrossie Discovery sold to Australia. Millhills Champion, considered by D. M. Stewart "the best he has ever bred," was described by the late F. W. Harding "as good as any young bull in Britain" in 1946. In the definitive book on "The Scotch Shorthorn," T. B. Marson stated that Millhills Champion was "aptly named, a great thriver with a placid disposition, and a perfect model."

**Calrossie Clipper Evangeline**, dam of Calrossie Sportsman, is also the dam of Calrossie Perfect, 1952 Perth Supreme Champion owned by S. G. Bennett of Georgetown, Ontario, Canada.

**Kirkton Baronet** is the leading sire of recent years. Two of his best sons sold at Perth for 6,000 guineas each.

**Calrossie Emily Clipper** is the dam of Calrossie Knock-Out and of Calrossie Clipper Jeanette, one of the best females in the S. G. Bennett herd.

**Collynie Elect** was one of the most impressive sires of recent years. Millhills Yesteryear, sire of the 1948 Perth Supreme Champion, was from a daughter and Millhills Climax, sire of the 1948 Perth Junior Champion, was a son of this great son of Aldie Conqueror.

**Calrossie Supremacy** sold for 2,000 guineas. His first crop of calves averaged £ 1,087.

**Lawton President Roosevelt** and **Lawton Field Marshal** were two of the most famous sons of Collynie State Express, the great stock bull that first brought the Lawton herd to the forefront.

## Facts You Should Know About

# Imp. Calrossie Rosewood Fortress

**Imp. Calrossie Rosewood Fortress** was purchased for \$9,900 at the 1950 Perth, Scotland, Show and Sale after placing first in his class and winning Reserve Senior Championship.

His first crop of calves is well represented in this sale, and is appearing on the show circuit for the first time in 1953. His first son to be shown, Warwick Flying Fortress, out of a dam purchased in our 1951 sale, was selected by Judge Herman Purdy as Grand Champion bull of the 1953 Pennsylvania Farm Show.

**Calrossie Cupbearer** was first prize winner at Perth in 1948, one of the champion group and sold for 3,500 guineas. Eleven of his sons averaged £ 2,255 at Perth in 1950. His dam, of the sought after Pauline family, produced Calrossie Resource, sold at 1,000 guineas to the Argentine, where he sired a Palermo female champion, and his granddam by Collynie Royal Leader was champion of the Northern Counties' Joint Show.

**Kirkton Baronet** is the leading sire of recent years. Two of his best sons sold at Perth for 6,000 guineas each.

**Glastullich Fortress**, first in class and second Reserve Champion at Perth, sired the 1947 Perth Supreme Champion; other sons and daughters have been champions at Inverness, the Royal and the Highland shows. In his authoritative book on "The Scotch Shorthorn," T. B. Marson described the Fortress as having "tremendous depth and bone, and a perfect head." His dam—"a thick-set low cow and a great milker"—was closely related to Calrossie Waverley, second Reserve Perth Champion in 1934. Glastullich Fortress was extensively used in both the Glastullich and Calrossie herds.

**Calrossie Eve Rosewood** was dam of Calrossie High Finance, 2,000-guinea first prize winner and member of the champion group at Perth; Calrossie Cavalier, used successfully at Kirkton; the 1,000-guinea Calrossie Archduke; and Calrossie Gainsborough, sold for 620 guineas to Dr. Bonadeo at Perth in 1950.

**Lawton Field Marshal** and **Lawton President Roosevelt** were two of the most famous sons of Collynie State Express, the great stock bull that first brought the Lawton herd to the forefront.

### Facts You Should Know About Strowan Sweepstake—

Strowan Sweepstake is the junior herd bull at Red Gate Farms. He was purchased in the 1952 Strowan Farms Sale where he topped the bull division at \$2,600. In the same sale his dam brought the extreme top price of the day, \$3,000. She is now owned by Kenneth Kettenhofen, Elkhorn, Wisconsin. His sire, **Circle M Royal Leader 7th**, a grandson of Edellyn Royal Leader out of a daughter of Calrossie Mercury, has made an enviable record. Included among his get are Strowan Sundial and Strowan Sovereign Lady 2nd, two outstanding individuals that won fourth prize for pair of calves at the 1951 International. The former sold at \$4,000 to Carl M. Johnson, DeKalb, Illinois, and the latter at \$1,050 to Carson Gibson, Houston, Texas, Broadfields Butterfly 4th, his dam, is a granddaughter of Bapton Air Pilot out of a daughter of Calrossie Sweepstake and has been proclaimed by good judges as one of the top cows of the breed. Strowan Sweepstake was grand champion bull at the 1952 Michigan State Fair.

of cows with calves by our great bulls . . . . of herd bull material.

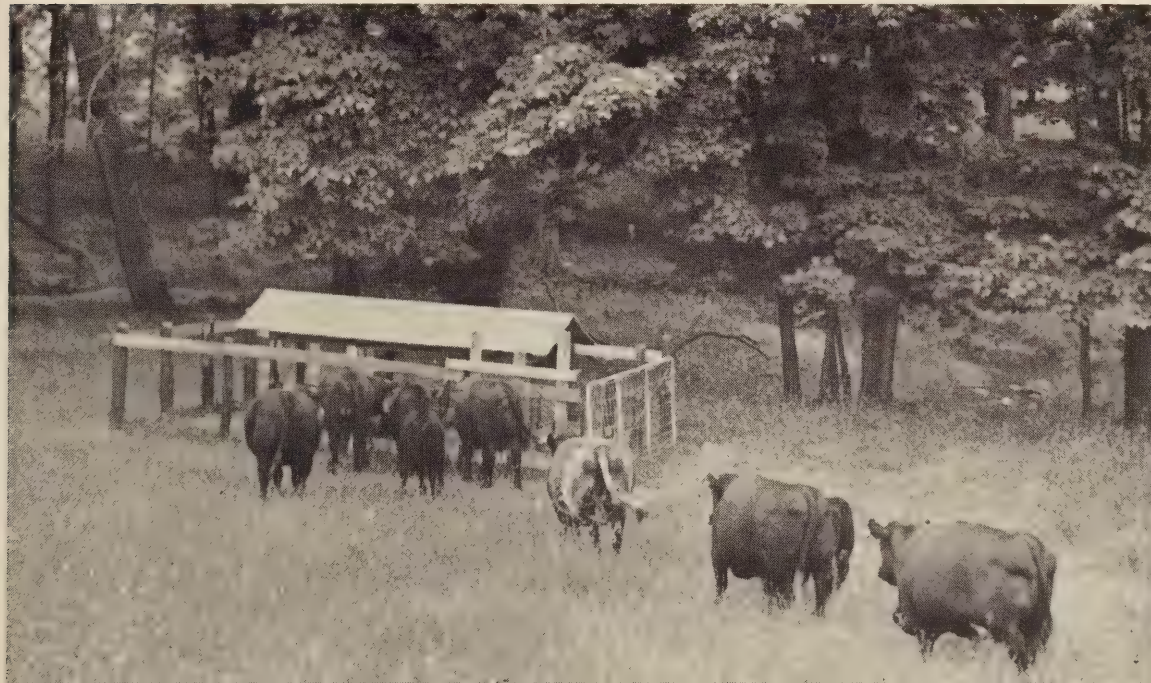

It's just plain common sense to buy quality. In the highly specialized skill of making the best better, you have to buy today, better than you bought or bred yesterday.

Here's a sale with breeding that is different, chosen with care and blended with skill. Here are modern Shorthorns, the peak of type and quality, produced from the best that America and Scotland could supply. Come and see what we have in store for you.

The 1953 offering is composed of seven bulls, two of which are imported, three by Imp. Calrossie Sportsman and two by Imp. Calrossie Rosewood Fortress. Of the 45 females, 11 are by Sportsman and 13 are bred to him; four are by Fortress and nine will have calves by or long service dates to him. Of the nine heifers selling open, five are by Sportsman and one is by Fortress.

As cows head for shade their calves beat them to the creep at Acadia Farms.

## About The Females In This Sale

Because we have attended many auctions where the cattle were all of one age and failed to provide for the varied needs of prospective buyers, we have put a lot of study and thought into the selection of the 1953 Acadia-Red Gate female offering. We feel that this offering of females is well balanced. You will find a liberal number of open heifers sired by our famous Calrossie-bred bulls and they are the kind that will help you make a record for your own herd bull. A large number of the females are well forward in calf to our herd bulls and you need only to look at our calves on sale day to determine the results of these matings. We are also including a number of cows with calves at foot or heavy in calf. These are dependable producers and represent the natural surplus of the herd since we have retained heifers out of nearly all of them. Although we have not repeated the statement in each footnote, all females from the Acadia and Red Gate herds are vaccinated for Bang's and both herds are Federally Accredited for tuberculosis.

Above—An inspiring scene at Acadia Farms . . . each cow a superior individual capable of producing a breed improving calf.

## Red Gate Farms . . .

is the property of W. H. Kilcawley, an official of the Standard Slag Co. Located approximately  $2\frac{1}{2}$  miles southwest of Canfield, Ohio, it is one of the cleanest, most modern and most practical farming and livestock establishments in Ohio. The owner lives on the farm and is vitally interested in its operation. Assisting him as manager of this enterprise is the very capable Mr. M. A. Sterrett. The herd at Red Gate was founded on the best females that money could buy. Adjacent to Red Gate is the farm owned by the Standard Slag Co. where a breeding herd of 80 high grade Shorthorn females is maintained. Through the matings of these choice females with top Shorthorn bulls, the owners are producing winning club calves for the boys and girls of Ohio.

# Acadia Farms . . .

is the 850-acre property of industrialist Cyrus Eaton at Northfield, Ohio, midway between the great cities of Cleveland and Akron. Mr. Eaton lives at Acadia the year around, and devotes part of every day to farming activities despite the myriad demands of his widespread industrial interests.

Mr. Eaton is also the owner of the 3000-acre Deep Cove Farms at Upper Blandford, Nova Scotia, Canada. The Acadia Shorthorn herd numbers more than 200 head, while a smaller herd of approximately 50 head is maintained at Deep Cove.

Acadia Farms is made up of ten farmsteads. Its 250 acres of blue grass pastureland are divided into 11 pastures, each well-shaded and amply supplied with clear running water from springfed brooks. Three hundred and fifty acres of cropland are under cultivation at Acadia, and the balance of the property is in timberland, much of it virgin forest.

Assisting Mr. Eaton in the operation of both Acadia and Deep Cove are Carroll Latimer, Canadian-born beef cattle expert and Betty Royon, Vice President of the two farms. Miss Royon is a Director of the Ohio Shorthorn Breeders' Association. Thomas Zinck is Manager of Deep Cove Farms and his son, Harvey Zinck is Deep Cove herdsman.

**Facts You Should Know About Acadia Augusta 5th—**

A member of our 1952 show herd. Her sire was **Imp. Chapelton Banker**, the grandson of Kirkton Baronet that topped our 1951 sale. The Banker stood third in a strong class at Perth in 1950, and his dam's sire was senior champion at Perth. We have a number of other desirable Banker daughters in the Acadia herd, and he is doing a great job for his present owner, Alvin V. Baird, Delaplane, Virginia. This heifer is from the same famed Garguston Augusta family as the dam of Drummondreach Advocate, 1953 Perth Supreme Champion, bought by the Browns of Kentucky. She also carries the bloodlines of **Imp. Calrossie Mercury**, an all-time great among Perth Supreme Champions. Will have a calf by **Acadia Sportsman 5th** at foot on sale day.

are very much interested  
in Acadia Shorthorns—**

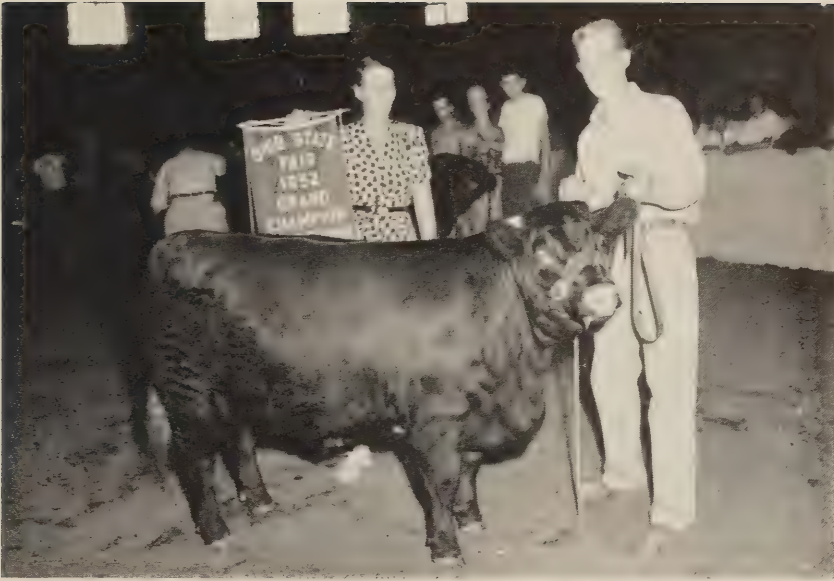

David Le Fevre, eight years old, grandson of Cyrus Eaton, owner of Acadia Farms, Northfield, Ohio. The calf is Acadia Princess 2nd, a daughter of Calrossie Sportsman.

Cathy, John and Cyrus III, the children of Mr. and Mrs. Cyrus Eaton, Jr.

Betty Royon, vice president, and Carroll Latimer, manager, of Acadia Farms are shown here with Acadia Rosewood Rachel by Imp. Calrossie Sportsman after winning the grand championship at the 1952 Ohio State Fair.

Carroll Latimer leads out the heifer Rothney Clipper, Lot 29 in this sale. She will calve before sale day to the service of Cluny Acadian, an imported-in-dam son of Chapelton Crusader.

The late Will Johnson was responsible for the statement, "If they're not good when they're born, they never will be good." This picture shows the uniformity of the young calves by Calrossie Sportsman and Calrossie Rosewood Fortress. Other pictures in this catalog indicate that they are still uniform and good as yearlings.

# **Standard Guarantee of the American Shorthorn Breeders' Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
